

State of California
AIR RESOURCES BOARD

EXECUTIVE ORDER D-167-22
Relating to Exemptions under
Section 27156 of the Vehicle Code

Hedman Hedders
Tubular Exhaust Manifold System

Pursuant to the authority vested in the Air Resources Board (ARB) by Section 27156 of the Vehicle Code; and

Pursuant to the authority vested in the undersigned by Sections 39515 and 39516 of the Health and Safety Code and Executive Order G-45-9;

IT IS ORDERED AND RESOLVED: That installation of the Tubular Exhaust Manifold System (TEMS), manufactured by Hedman Hedders of 12436 Putnam Street, Whittier, California 90602, has been found not to reduce the effectiveness of the applicable vehicle pollution control systems, and therefore, the TEMS is exempt from the prohibitions of Section 27156 of the Vehicle Code for installation on the following vehicles:

<u>Part No.</u>	<u>Vehicle MY</u>	<u>Vehicle Model</u>	<u>Engine</u>
89420 89420-6*	1986-1996	Ford F150/F250/Bronco 2&4WD (trucks without A.I.R.)	5.8 liter
89421 89421-6*	1986-1991	Ford F150/F250/Bronco 2&4WD (trucks with A.I.R.)	5.8 liter
89470 89470-6*	1986-1995	Ford F150/F250/Bronco 2&4WD	5.0 liter

* TEMS with HTC metallic thermal coating

This exemption is based on a Cold-Start CVS-75 Federal Test Procedure and On-Board Diagnostic II (OBD II) System tests Hedman Hedders performed on a 1997 model-year 4.6 liter Ford F150 truck. Test results showed that the TEMS did not have a significant adverse effect on the vehicle's exhaust emissions or its OBD II System. The same results are expected when the TEMS is installed on the vehicles for which the exemption is requested.

This Executive Order is valid provided that installation instructions for the TEMS do not recommend tuning the vehicles to specifications different from those of the vehicle manufacturer.

Changes made to the design or operating conditions of the TEMS, as exempt by the ARB, which adversely affect the performance of the vehicles' emission control system, shall invalidate this Executive Order.

Marketing of the TEMS using identification other than that shown in this Executive Order or for an application other than that listed in this Executive Order shall be prohibited unless prior approval is obtained from the ARB.

Exemption of TEMS shall not be construed as exemption to sell, offer for sale, or advertise any component of the system as an individual device.

This Executive Order shall not apply to any TEMS advertised, offered for sale, sold with, or installed on a motor vehicle prior to or concurrent with transfer to an ultimate purchaser.

This Executive Order does not constitute any opinion as to the effect the use of the TEMS may have on any warranty either expressed or implied by the vehicle manufacturer.

No claim of any kind, such as "Approved by the Air Resources Board," may be made with respect to the action taken herein in any advertising or other oral or written communication.

In addition to the foregoing, the ARB reserves the right in the future to review this Executive Order and the exemption provided herein to assure that the exempted add-on or modified part continues to meet the standards and procedures of California Code of Regulations, Title 13, Section 2222, et seq.

THIS EXECUTIVE ORDER DOES NOT CONSTITUTE A CERTIFICATION, ACCREDITATION, APPROVAL, OR ANY OTHER TYPE OF ENDORSEMENT BY THE AIR RESOURCES BOARD OF ANY CLAIMS OF THE APPLICANT CONCERNING ANTI-POLLUTION BENEFITS OR ANY ALLEGED BENEFITS OF HEDMAN HEDDERS' TUBULAR EXHAUST MANIFOLD SYSTEM.

Violation of any of the above conditions shall be grounds for revocation of this Executive Order. The Executive Order may be revoked only after a ten-day written notice of intention to revoke the Executive Order, in which period the holder of the Executive Order may request in writing a hearing to contest the proposed revocation. If a hearing is requested, it shall be held within ten days of receipt of the request, and the Executive Order may not be revoked until a determination is made after the hearing that grounds for revocation exist.

Executive Order D-167-18, dated April 12, 1999, is hereby superseded.

Executed at El Monte, California, this 16TH day of September 2001.
